# Outline

# Who is Moo?

- ▶ Moo is the name of this presentation
- ▶ Moo is based on a simple theme
- ▶ Moo shows how we can customize and make “beamer” ours
- ▶ Like the logo on the title slide
- ▶ And the logo on the top right corner

# How tough is it to make Moo?

- ▶ Not a lot
- ▶ Simple commands with a concept in mind for
- ▶ Colour
- ▶ Font
- ▶ Inner details
- ▶ Outer details

# Outline

# Moo is a simple idea

- ▶ Notice the footline
- ▶ And the horizontal bar below the headline
- ▶ The style of the itemized items
  1. And that of the enumerated items
  2. The colours, the shape
  3. Everything can be customized

# Moo brings colours to life

Blue Notice the colour of description item title

Still blue It can be set globally

Red ... but can also be changed if required

You can personalize Moo. (S)he doesn't mind.

Theorem (It's a theorem)

*You can change the way the boxes look and feel*

Example

Exemplify Moo.

Alert

Sometimes Moo gets carried away.
